

COHSMO End Conference

This Conference will present and discuss the main findings of COHSMO. COHSMO investigates the relation between socioeconomic structures of inequality, urbanization and territorial cohesion, and how territorial cohesion at different European scales affect economic growth, spatial justice and democratic capacities. This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 727058. More information about the project can be found at www.cohsmo.aau.dk/ Any question related to the conference should be sent to cohsmo@build.aau.dk
